

Florock®

Excellence in Polymer Flooring

Florotallic Decorative Flooring System

Florotallic is a unique flooring system with a shimmering metallic look.

Floro

Florotallic is used in offices, schools and universities, locker rooms, showrooms and retail facilities.

Florotallic is available in a variety of colors and decorative effects to provide a unique and exciting floor.

Florotallic is a durable, mar resistant floor that is easy to clean, and the unique installation technique assures each Florotallic floor is one of a kind. Its glamorous, metallic look is an economical way to decorate any room.

Florotallic is:

- A green, LEED compliant system
- A more economical option than stain or tile
- Light reflective for safety
- Available with many skid resistant options
- More uniform in appearance than stained concrete

Florotallic Color Chart

Because the limitations of process printing do not allow accurate color reproductions, the samples shown in this brochure are only close approximations and should not be used for specification purposes.
